## Hart Schaffner & Marx Clothing

This famous make of clothing has placed our men's department in the forefront in the entire southwest. It has made this store the trading place for the best dressers in this city and vicinity. It has made it the trading place for those seeking wear and naturally value in a suit or pair of trousers. We never did have such an array of togs of this great make as today. There is an exclusiveness that is sure to please the particular dresser; there is a total absence of the "hand-me-down" effects so common in the output of other stores, and all because the Hart Schaffner & Marx clothing is shaped by artist designers and strictly hand tailored. And here is another point that we wish to make which will prove interesting: The Hart Schaffner & Marx clothing will cost you no more than the ordinary kind sold in other stores. All the new shades. All the new shapings. Suits from \$18 to \$40. You'll stay to buy if you look here.

**WHEN THE CLOCK STRIKES EIGHT THIS MORNING** our great pre-summer clearance sale will be on in all the glory of its terrific bargains. This trade event is looked forward to for weeks by conomical buyers, and its announcement this morning will be hailed with delight by hundreds of people throughout this entire section of Arizona. It is a legitimate, clean sweep out sale of thousands of dollars worth of new, clean goods bought for this season's selling and it is launched at a time when people want the goods for actual wear. The backward spring has deferred much shopping and there is sure to be a mighty rush here to take advantage of the unheard of bargains that will be offered. We want to impress it upon your mind that there is not an article to be offered in this great trade event that is not right up to the minute in style and far superior to the average in quality. In inaugurating this sale we are simply maintaining a custom originated when this store opened of not carrying goods over from one season to another. We know that in order to dispose of the stock we must offer the articles while there is still a demand for them and a long season of wear stretching out before the purchaser. So right now, practically at the threshold of summer, we have thrust the price cutting knife deep into prices and the great pre-summer clearance sale will be on this morning at 8 o'clock. Now don't sleep on your opportunities, but start your buying today. The good news will spread rapidly
